# Adco's Jan-San Products: Continuing our 103-year history of Quality Cleaning Products.

**Tub & Tile Concentrate**—An acid based cleaner useful for removing calcium, lime, rust and other deposits that can be found on various bathroom surfaces.

**Glass Cleaner Concentrate**—A neutral cleaner that leaves glass and mirrors clean and free of any streaks.

**Floor Cleaner Concentrate**—A general purpose cleaner for floors that removes grease, grime and other dirt on floors in your facility.

**Odor Neutralizer Concentrate**—Removes odors that can be found in rooms .Neutralizes the odor and leaves a clean fresh fragrance.

**Disinfectant Concentrate**—Kills viruses, bacteria, and other organisms on hard non-porous surfaces. Used to disinfect the surfaces that are found in common areas and in the room after a guest leaves.

The line of Adco Jan-San products are designed to be cost effective cleaners for use by hotels and motels to keep their rooms clean, fresh and ready for new customers.
