Adco's Five-Product
Liquid Laundry System

Adco's New Three-Product Liquid Laundry System
(Detergent - Alkali - Bleach - Sour - Softener)

For years, customers have enjoyed the unmatched quality and flexibility of Adco's Five-Product Liquid Laundry System. However, because of its scale, not every customer has been able to take full advantage of our Five-Product System.

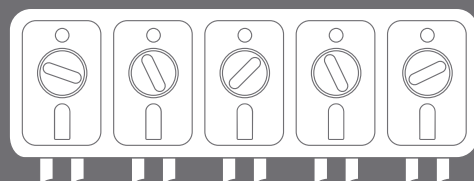

That is, until now.

Adco is proud to introduce our new Three-Product Liquid Laundry System. Now you have the sophistication of our Five-Product System in a simplified and flexible Three-Product System.

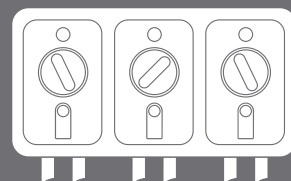

Our Three-Product System offers these important benefits:

- **Flexibility to customize solutions for any size business**
- **Economically priced for today's market**
- **Convenient packaging: 2.5-gallon bottle, 6-gallon pail, 20-gallon and 55-gallon drums**
- **Service and support from Adco Field Representatives, Adco Contact Center and Adco University**
- **Designed for Hotels, Nursing Homes, Shirt Laundries and Schools**
- **Quality Dispensing Equipment to Support your operations**

With Adco products, you'll know you're getting the quality and service our customers have enjoyed for 102 years. For more information, contact your Adco representative or distributor. Or simply call us direct at 800-821-7556.

Top quality dispensing equipment is also provided with our laundry system.
